

I work until 6:00 at night and the only time that is family time for me each day is the 4 hours from 6-10pm. This time was disrupted from 1-2 times/night with calls to buy something or donate money. I do not want to teach my children rudeness by slamming the receiver down on solicitors every night but listening to their sales pitch at unwelcome times is a total invasion of my right to a peaceful existence. No not stop the No Call List!!!
